

Campus Hazing Transparency Report

Beal University

Bangor Main Campus | 99 Farm Road, Bangor, ME 04401

Wilton Satellite Location | 75 Allen Street, Wilton, ME 04294

Reporting period: July 1, 2025 through October 1, 2026

Distribution date: October 1, 2026

Finding status: No findings

Current disclosure

Beal University has no findings of responsibility for hazing to disclose. During the reporting period, Beal issued no finding of responsibility involving a student organization established or recognized by the University. Therefore, there are no organizations, findings, sanctions, or related dates to list. This disclosure does not state that no unreported conduct occurred.

Purpose and scope

The federal Stop Campus Hazing Act requires a campus hazing transparency report when an institution makes a finding of responsibility for hazing by an established or recognized student organization. Beal is publishing this no-findings report to make its current status clear. If a covered finding is made, Beal will update the report as required.

Results

Beal's 2026 results. Beal University reports zero hazing incidents for 2025 at both Bangor and Wilton, and this report lists no findings of responsibility.

How to report hazing

Report concerns to Robin Tardiff, Title IX Coordinator, at titleix@beal.edu, 207-307-3900 ext. 336, or 99 Farm Road, Bangor, ME 04401. Call 911 for an emergency.
